

Date/Time	What is my situation? What is going on? What is happening to me?	How am I responding? What am I feeling?	What do I want? What am I desiring? What am I sinning to get/sinning because I don't have it?	What does God's Word say about my situation, my response, my desires?	What should I want now? How should I respond in light of God's Word?
